

Big Sky Print Ltd Ethical Policy

Big Sky endeavours to trade according to the following principles:

We regard our stakeholders as being our staff, customers, suppliers and the local and wider community.

In all our dealings and communications with our stakeholders and with government and regulatory bodies we commit to being honest, straightforward, transparent and fair.

Our environmental commitment is part of our ethical outlook. We constantly seek to minimise the impact of our activity on the environment. We are committed to maintaining our status as an ISO14001:2004 certified company and as an FSC certified supplier.

We also seek to share any financial success we have with our staff, customers and the local and global community. This is achieved through increase in salaries, lower prices for customers and donations to charity.
